To reserve your first class and to redeem your coupon:

1. Decide upon your first class to attend. You may view the studio calendar on our website (www.RA-Dance.com) in two ways - take a look at and/or print the printable calendar through the link on the main page, or go straight to the interactive calendar through the “Client Registration & Class Enrollment” link.
2. Sign up for your first class. Use the “Client Registration & Class Enrollment” link from our website to go to the on-line calendar. In the upper left hand corner there is a “Click here to learn how to make reservations” link with some frequently asked questions. Otherwise, click the “sign up now” button for the class of interest to you on the day you want to take your first class. This link will take you a log-in/account creation page.
3. Create your unique personal login. Enter your First and Last Names then click to continue. Enter your contact information in the required fields. Select your username and password and agree with the studio liability release. Then click the Create Account button. The system will announce that your account was successfully created.
4. Click the link from the reservation page to make a single reservation or a recurring reservation. The single reservation is required for your first visit. It is at your discretion to make recurring or multiple reservations. Please note, if you make a reservation for a class but do not attend and do not cancel the reservation before the class starts, you are still charged for that class.
5. Once you have made the reservation, payment is required. Please select “Classes” for the Series or Membership you would like. Then select the package that matches your coupon - “4 Class Package at \$45” for Groupon or “Living Social – 2 Classes at \$22” for Living Social. Now click “Make Purchase”.
6. On this page, enter your coupon number as the promotional code, click the Apply button, then Checkout and you are set for your first class! Please bring your coupon with you so we can redeem it on-line. Plan to come a few minutes early for class so you can start with everyone on time & get ready to have some fun!
